

# BATTERED LESBIAN TASK FORCE

## Call For Members

The New Jersey Coalition for Battered Women's Battered Lesbian Task Force (BLTF) was formed in 1987 to facilitate the sensitive and effective provision of services to battered lesbians within domestic violence programs in New Jersey.

Over the years the BLTF has been involved in a variety of activities including providing training and resources to domestic violence programs across the state. We are currently developing a training tool that will be used to educate all staff members of domestic violence shelter programs as well as the community.

Membership on the task force  
is open to all...and all are  
welcome to join.

The Task Force meets every  
month on the fourth Thursday in  
New Brunswick to address the  
needs of battered lesbians  
in New Jersey.

Please contact NJCBW by calling 609-584-8107 or send an
